## Hospitalization rates for chronic conditions and county rankings

Condition <sup>1</sup>	Hospitalization Rate <sup>2</sup>		County Rank <sup>3</sup>
	State	County	
Diabetes	21.5	22.7	57th
Heart Failure	40.9	43.8	32nd
COPD <sup>4</sup> or Asthma (ages 40 or older)	50.2	94.6	63rd
Bacterial Pneumonia	24.9	34.3	42nd
Asthma (ages 18 to 39)	6.0	2.6	26th

<sup>1</sup> These conditions were defined using the Prevention Quality Indicators developed by the Agency for Healthcare Research and Quality ([www.qualityindicators.ahrq.gov](http://www.qualityindicators.ahrq.gov)).

<sup>2</sup> Per 10,000 residents.

<sup>3</sup> Rankings are 1-67, where 1 is lowest (best) hospitalization rate. Higher rank might be dependent on population differences among counties (an older population, for example). Rates were not adjusted for population differences so that important effects of these patient characteristics were not masked by such adjustment. Note that 19.9% of Venango County residents were age 65 or older; statewide the percentage was 16.0%.

## Medicare payments

One way to examine health care resource use is to look at Medicare spending. The following table shows the average amount Medicare spent per beneficiary in calendar year 2014.

	All Pennsylvania	Venango County
Average Medicare spending per beneficiary for all services	\$9,692	\$9,150
Average Medicare spending per beneficiary for inpatient services	\$3,304	\$3,150

These figures reflect actual (unadjusted) overall spending by the Medicare program for all Medicare fee-for-service beneficiaries regardless of age. "All services" includes hospital admissions, outpatient care, home health, hospice, etc. "Inpatient services" includes hospital admissions to inpatient acute care hospitals paid under the Prospective Payment System, critical access hospitals, inpatient psychiatric facilities, and psychiatric hospitals. In 2014, Venango County had 12,990 Medicare beneficiaries, of which 8,404 were in the fee-for-service program, and 1,812 of these were admitted to the hospital at least once during 2014.
